easy to follow. I really like it

I've loved garnishing and providing beautiful food artwork for my guests, and this book has provided me with so many new beautiful ideas that I can't wait to get started!

I got lots of great ideas from this book. Anyone who has fancy parties, themed parties or takes food to parties would get good ideas from this book.

This book gives me more creative ideas in presentation. It is so cool to own one!

It arrived on time and in very good condition. It was very descriptive and had good illustrations to follow step by step. I have all the books made by CQ Products.

Learned a lot from this book

it's ok... I was expecting to have more recipes, more nice bouquets. If it to turn back time, I do not think I would buy it anymore.

Haven't used it yet, but it is what I was looking for.
