

The book was found

# The Devil's Notebook

## Synopsis

Wisdom, humor, and dark observations by the founder of the Church of Satan. LaVey ponders such topics as nonconformity, occult faddism, erotic politics, the "Goodguy badge," demoralization and the construction of artificial human companions.

## Book Information

## Customer Reviews

This book is more of a collection of the authors musings than his other works and certainly much lighter. You get to see more of LaVey's humorous side with his usual biting wit. The book discusses everything from the media, the occult, individualism, the Goodguy Badge, and even the importance of your own musings on the throne. Speaking of which, since the chapters are so short, it's actually a great bathroom companion. It's a fun book with some great insight, give it a shot.

This is my favourite Anton Lavey book aside from the Satanic Bible. In my opinion it's a little more coherent than Satan Speaks, and sometimes the author has a way of striking very familiar chords within the reader. You will have many of those "Yes, I always thought that too" moments. In The Devil's Notebook, LaVey actually prescribes his own version of a lycanthropic transformation which I love, being a werewolf myself.

You don't have to be a Satanist to enjoy the wit and wisdom of Church of Satan founder, the late Anton LaVey. This is a quick read and contains tidbits, quotes, and well-written essays about

human social behavior and being one's own master. I have owned the print version for about 20 years and recently picked up the kindle version to read on my phone. It is organized in such a way that reading it in parts is very easy and fun. Of all of LaVey's works, this is my favorite. It lacks a lot of the jargon and mumbo jumbo found in the Satanic Bible, the Satanic Witch and others. Satan Speaks is a good companion of essays, but it isn't nearly as fun as this jewel.

The POV from the dark side on the conflicting societies of man is not always drastic and unwelcome, considering a lot of the evil that hides in the woodwork of the faithful and supposedly moral.

This book hand some interesting ideas in it. People in general will not buy it but Anton was possibably ahead of his time. He may have told some wild stories about his past but he did and still does make an impact around the world.

Great book of essays. This collection is mostly about ideological ideas. I found myself agreeing and disagreeing with the many of the statements. If anything it made me think about different views which is always good.

This is a great book. Anton is ahead of his time. And I love how he calls out all the BS in the world. I'm almost done with it, then I will be reading The Satanic Witch.

Great companion to the satanic bible. Adds more insight and back stories to the main bible.
