# The Rose Bible

## **Synopsis**

In paperback for the first time, this gorgeous and affordable edition of The Rose Bible (out of print in hardcover, 0-517-58821-8) is a must-have for every rose grower, novice or expert. This beloved classic by America's leading rosarian reveals everything a gardener needs to know about this most treasured of garden plants. Ray Reddell has distilled his vast knowledge of the eternally popular rose into one copiously illustrated, indispensable reference, offering expert advice on everything from planting and pruning to training and grafting roses. Encompassing antique and modern roses, original species and recent hybrids, bushes and shrubs, ramblers and climbers, this is the definitive volume on growing splendid roses.

## **Customer Reviews**

'The Rose Bible,' by Rayford Clayton Reddell, is full of spectacular color photographs and easy-to-understand descriptions that will convince even the most skeptical gardener to plant roses despite their reputation as high-maintenance plants...With a light hearted and down to earth style, Reddell even delves into the classification of rose varieties and the heated disputes that occurred when modern hybrids were being churned out in force to the chagrin of traditional-minded rosarians.

-- The Indianapolis Star

In one engagingly written, frankly opinionated, lavishly illustrated volume, America's leading authority on roses reveals everything the gardener needs to know about the most popular of all garden plants: from how to grow and maintain them to critical information for the most experienced gardener on such essentials as harvesting, propagating, grafting, and breeding new varieties. --This

text refers to an out of print or unavailable edition of this title.

I have only scanned the pages, but I had no idea there were so many varieties of roses. I hope to spend many hours reading and learning more. I have only a few roses in my garden but expect to add more to my collection. This book will help me to make wise choices. Thank you so much for sharing this beautiful book.

It would take volumes to cover the multitudes of roses that are out there, but, with a name like "The Rose Bible" I expected more than this book delivered. It's not a bad book, it just doesn't live up to its name. The roses listed are common, the type you can find information on anywhere. ( Try: [...] ) There is nothing new in this book. If you're new to roses The Rose Bible will open your eyes to a whole new world that exists beyond the Hybrid Tea rose and it gives very good information about selecting, growing and pruning roses. As an experienced rosarian whose looking for more in depth or obscure rose information, The Rose Bible doesn't have it.

Beyond my expectations, lovely book

An excellent resource for rose selection and care. The book arrived in very good condition and in timely fashion.

Good buy for me. I didn't know half of what's in the book.

Great book

This book is very useful to me as I am a novice rosarian. The only dislike is that it's difficult to determine which of the roses discussed will do well in my region of the US. The photos are very good & the chapters on rose care are very easy to understand

LISTING AND DESCRIPTIONS OF MANY ROSES HELPFUL Would like geographical climate areas more specific Not much on floribundas and Border Hedge roses
