Book Of Mormon Study Guide: Diagrams, Doodles, & Insights

Synopsis

This study guide is designed to fit the needs of various ages and study habits and is ideal for personal, class or family study. We have taken every chapter in 1 Nephi - Mosiah and provided study pages to help you really dig in and study every single verse! This study guide contains 116 pages of study pages and over 50 more note pages where you can record your valuable insights. If you like to doodle and draw - then you can fill your pages with doodles and drawings! Another person may want to write in great detail. Another may make lists, draw diagrams, etc. You can customize this study guide to your own personal preferences! We have provided you many diagrams to help you follow story lines, lineage, doctrines, etc. Also included are explanation pages. For example, there is a page that explains the history of Jerusalem, and another page that explains "The House of Israel". These pages will offer you valuable insights that you can easily reference as you are studying your Book of Mormon! Besides being a helpful study guide, this journal also provides a place for you to record what you are learning and leave a history of your thoughts and insights as you study your Book of Mormon.

This book is amazing. It really helps me enjoy reading the scriptures.

I'm so thankful for this book! I learn much more easily of I can do something with my hands and see

a visual representation of the topic. This study guide is both of those! I've always wanted to make daily scripture study a habit but it's been difficult because it's always felt like a chore. Now I really look forward to studying the Book of Mormon and filling out the worksheets for each section. Thank you for your thoughtful, and thorough, and we'll put together book. It really is a wonderful gift!

The content looks awesome, but the print quality of the book we received is very poor. Instead of lines, it is dotted, and the letters/words are difficult to read. I'm not sure if we received a knockoff?? But it sure doesn't look like the quality in the pictures. I'm very disappointed.

Love, love, love this book. The format is great and assists you in learning more about the Book of Mormon. It does have a lot of blank pages for writing down your own thoughts, but reading your scriptures are a personal experience and this affords you the opportunity to write down any thoughts that come to mind.

This had really taken our study to a new level. It fits all ages. My youngest (7) is able to participate as well as my oldest (16). It is enlightening to see how they each interpret the same scripture. It has really brought our family together via scripture study.

I love this book! It has truly helped me to understand the Book of Mormon more deeply. Working in this book is one of the best parts of my day. Looking forward to the rest of the Book of Mormon.

I am only two days into using this and I'm already hooked. I love that this is a prompted study not a "here's my opinion" study guide. I was hesitant because it wasn't material from the Church directly, but I believe she handled this guide perfectly. It has information, but prompts you to do the thinking. I love doodling and writing things down is how I remember, so this is perfect. I think the people leaving bad reviews wanted a quick synopsis and explanation of the Book of Mormon. This is to help YOU discover with helpful hints and information to help you understand background and time period. Perfect in my opinion!

Great help in study of the Book of Mormon. Increases the understanding of what is read.
