this was a gift for my husband who loved it!!! and he's got pretty much every WWII item imaginable. he particularly enjoyed the facts presented in this book as well as the photos. i couldnt be happier

as he's a hard person to shop for and this was a major win in his book- yay! i also bought one for my father-in-law. i can't wait to see his reaction too!

The photography was great (some of the reporters did not make it home.). I was just a young boy during the war, but I remember it like it was yesterday). I remember watching news reports in the theaters. I remember very vividly the day President Roosevelt died (my Mother cried a lot when she heard the news ,then of course I cried)

Good photos, but not quite what i was expecting. My dad is a HUGE collector of WWII items and memorabilia. And at the top of the book it says "Be an instant expert!"wish I would've seen that before I ordered it. Otherwise it's a decent book, nothing that my dad hasn't seen before though. I was looking for a wow factor.

I got this for my WWII buff boyfriend for Christmas.It was a perfect gift. He immediately took it into the bathroom and didn't come out for two hours. I'm assuming it was because he enjoyed the book so much, and not because of the food my sister made. Either way, it was a great gift. My only suggestion would be that it was sent in more than just an envelope. Or at least something that says "do not bend". My mailman stuffed it into my mailbox and bent it up on the edges.

Fast shipping, as advertised, good product at a great price.

This was a Birthday gift for a WWII Veteran who turned 95. He was delighted with this book.

Lots of photos. Priceless.
