Exploring Canada - Quebec

Synopsis

The largest province in Canada, Quebec is home to more people than any other province. Strongly influenced by their French heritage, the people of Quebec struggle to maintain their unique cultural identity in the face of North American influences. This volume touches on this issue along with discussion of the geography, history, arts, culture, and contemporary life in this bustling province.

Book Information

Series: Exploring Canada

Hardcover: 112 pages

Publisher: Lucent Books; 1 edition (September 11, 2002)

Language: English

ISBN-10: 1590180518

ISBN-13: 978-1590180518

Customer Reviews

"These volumes provide overviews of the geography, history, and culture of each province or territory, along with an idea of how it fits into Canada as a whole. The maps are clear and well labeled...Interesting and well-produced black-and-white photographs appear throughout...The strength of these titles is in their organization and the amount of information they provide. They are more in-depth than entries in the Hello Canada (Fitzhenry & Whiteside), Eye on Canada (Weigl), and Canada in the 21st Century (Chelsea). Their major weakness is that the point of view is conspicuously American, which leads to some rather dismissive opinions and observations, such as the statement in the foreword (included in each volume) that labels Canada as a national experiment. However, the multitude of American analogies peppered throughout each title will be helpful to U.S. students in understanding the size and diversity of their neighbor to the north." -- School Library Journal (May 2003) (School Library Journal 20030501)
