The Shell Channel Pilot: South Coast Of England, North Coast Of France, Channel Islands

Synopsis

The Shell Channel Pilot stands alone as the ultimate authority on cruising both sides of the English Channel. Ever since the 1930s, when Adlard Coles published the original version, it has been steadily upgraded and updated. The work never ceases. Under the Imray / Cunliffe house flag since 1992, it represents more than eighty years of effort. This is the sixth Imray edition, indicating that the book is re-issued every three years in the untiring endeavour to keep it up to date. This time, the text has been organized into defined sections. Each is prefaced by passage notes which are more comprehensive than previously, lifting the work far above any simple harbour guide. Also included is advice about Channel-crossing navigation, regulations, health and paperwork on both sides of the water. Best of all remain the pilotage notes, the plans, the aerial and approach shots for harbours great and obscure, plus the author's frank remarks about shoreside facilities. The net result is unique - rigorous navigation advice to pilot you safely through the rocks, spiced with a light touch guaranteed to raise a salty chuckle on winter evenings while you plan next summer's voyaging.

Tom Cunliffe learnt how to sail in a 22 ft gaff sloop as a teenager on the Norfolk Broads. After nearly being killed in a motorcycle accident at the age of 19 he read Law at university, but chose not to enter the profession. Instead he worked as Mate on a coasting merchant vessel before chartering and delivering yachts. He has been a sailing tutor for 35 years, at one point running his own sailing school in the south of France, and has been a qualified Yachtmaster examiner since 1978. Cunliffe has been a regular contributor to Yachting Monthly, Yachting World and SAIL magazine for many

years. A professional writer since 1986, Tom Cunliffe has won the Best Book of the Sea award twice, for *Topsail and Battleaxe* and *Hand, Reef and Steer*.^[4] In 2010 he presented the award-winning six-part BBC documentary series, *The Boats that Built Britain*.
