East Africa Birds: A Folding Pocket Guide To Familiar Species In Kenya, Tanzania & Uganda (A Pocket Naturalist Guide)

Synopsis

East Africa is home to nearly 1,400 species of birds, making it one of the premier international destinations for birdwatchers. Nature lovers visiting the region's forests, wetlands, marshes, deserts and coastlines will find a variety of unique birds including snake-eating eagles, elegant flamingos and the world's largest bird, the ostrich. This beautifully illustrated guide highlights over 140 familiar and unique species and includes a map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use on safari. Made in the USA.

Customer Reviews

Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution.

Love the format...really easy to carry and identify birds

Just what I was looking for.

After seeing the larger animals in Africa, our attention change to all the beautiful birds. This quick guide helped us find them and enjoy their colorings. Indispensable while on safari especially at home sorting our many pictures.

Very helpful in identifying birds. Handy pocket guide for a safari!

I just ordered this in anticipation of a safari to Kenya and Tanzania in June. It is just what I wanted. I love how light and compact it is and how durable it is -- given that it is laminated. I also find it very informative. This is the perfect pocket guide for a trip to East Africa. Highly recommend.

Lovely pictures, good information, and a nice size to use while travelling.

Beautiful bird pics

Nice little guide to the birds of East Africa. Just returned from Tanzania and some climbing and safari's and this little pamphlet will keep my mind on what I saw while there.
