Customer Reviews

I bought this recipe book for my son for Christmas, but flipping through and looking at the recipes, I might have to keep it for my grilling husband. There are no photos for those that want that, but simply laid out pages of recipes with most ingredients you'll find in your pantry. The only con is many seem to be for large batches, so you'd have to recalculate for smaller amounts, when just two like my husband and I.

What a surprising book! Each one of these recipes are winners. Yum. I love barbecue and each one of these area winner on the grill. Give the chef in your life a treat.

Thanks

These are such mouth-watering recipes they could turn me, a half-hearted vegetarian, into a raving barbecue fan (if only I could find a handsome man to do the grilling). Seriously, the ingredients are ingeniously mixed to tickle your taste buds....I wish I could stay to write some more, but I've to go to the store--to get me some ribs!
