Brazil: A Land Of The Future (Studies In Austrian Literature, Culture And Thought Translation Series)

Synopsis

Based upon his own impressions of Brazil, and personal experiences there, the author portrays a vast, inviting, fertile land with seemingly endless resources; a history devoid of major wars in which all conflicts are resolved in a spirit of conciliation; the type of society for which he himself longed, composed of multinational elements that combine to form a harmonious whole free of racial tensions, strife, and destructive tendencies; the untouched beauty and magnificent power of primeval natural phenomena; scenes of vibrant growth and progress; portraits of innocent, cheerful, friendly, guileless people who are satisfied with what they have; the colors and diversity of Rio de Janeiro and other cities; images of work, play, creativity, happiness; and peace. All of these and more contribute to his vision of an almost utopian place that seems to stand apart from the ills of the modern world while providing refuge from its hostility and hope that mankind can find a more peaceful direction in the future.
