The Easy Fake book series is the best invention ever! I'm a piano teacher and this series is invaluable to my students. This particular book, Classic Rock, is great for those teenagers that need

to be motivated. I'm buying it to add to my growing collection of Easy Fake Books. If you want to play these songs in another key, use a keyboard and transpose!

Got this book and everything is in the key of C. It is not spiral bound so I could not return it. My bad I guess. Should have read the description before I bought it.
