## Synopsis

, French Guiana and Surinam Map Pack \$19.95 ITMB is pleased to announce the release of our most recent map pack bundling, this time of the , French Guiana and Surinam. This Map Pack has a value of \$27 if purchased separately, and a packaged price of \$19.95 if purchased in this bundle. The maps are all current editions, conveniently grouped together in a transparent plastic bag with a new cover, showing the covers of the three maps. Travel Reference Map 1:3,300,000 scale 5th Edition. This map began life as an academic map called ia. 500 copies were printed for an ecological conference in Hawaii on rainforest preservation. The scientists attending provided so much input that we added everything we could and ended up with a travel map to the River basin. It's a beautiful map for anyone exploring the southern parts of Colombia or Venezuela or the eastern portions of Peru and, of course, northern Brasil. It is the only map in print that shows the entire river and all of its tributaries. French Guiana and Surinam 1:720K/1:500K Surinam is actually in its 4th edition; the map erroneously shows it as being the third edition; sorry about that. This is another instance where ITMB has decided to combine two separate maps on to one piece of paper. The reason is simple - Surinam is popular and goes through a print run much more quickly than neighbouring Guyene, or French Guiana. As a result, it has gone through three editions in the same time as slower-selling French Guiana has worked its way part way through one. Answer: combine them and ensure that updates to the French overseas territory s map are guaranteed more regularly. Plus, by combining, the print run is expended more quickly, thereby ensuring new editions of both country maps more regularly. It s called win-win. All we have to do now is make sure everyone realizes what we re doing, so the marketing of two separate maps carries on! Both maps have been updated with as much new information as we can find, and special thanks to Pied a Terre for some useful reference material, but we recognize that both these areas are largely unexplored and unmapped countries, so we d greatly appreciate further help. \*Please note to all retailers and distributors, this product is NOT subject to Return or Exchange, due to the deep discounts inherent in such an offer. It is well packed and should be sold as a bundle package to customers. As with other map packs that ITMB has produced, this offer is available to individuals, libraries, retailers and distributors. Value \$27 for \$19.95
