Essential Organic Chemistry (3rd Edition)

Synopsis

NOTE: You are purchasing a standalone product; MasteringChemistry does not come packaged with this content. If you would like to purchase both the physical text and MasteringChemistry search for 032196747X / 9780321967473 Essential Organic Chemistry 3/e Plus

MasteringChemistry with eText -- Access Card Package: The access card package consists of: 0321937716 / 9780321937711 Essential Organic Chemistry 3/e 0133857972 / 9780133857979

MasteringChemistry with PearsonKey Benefits: MasteringChemistry should only be purchased when required by an instructor. For one-term Courses in Organic Chemistry. A comprehensive, problem-solving approach for the brief Organic Chemistry course. Modern and thorough revisions to the streamlined, Essential Organic Chemistry focus on developing students' problem solving and analytical reasoning skills throughout organic chemistry. Organized around reaction similarities and rich with contemporary biochemical connections, Bruice's Third Edition discourages memorization and encourages students to be mindful of the fundamental reasoning behind organic reactivity: electrophiles react with nucleophiles. Developed to support a diverse student audience studying organic chemistry for the first and only time, Essentials fosters an understanding of the principles of organic structure and reaction mechanisms, encourages skill development through new Tutorial Spreads and emphasizes bioorganic processes. Contemporary and rigorous, Essentials addresses the skills needed for the 2015 MCAT and serves both pre-med and biology majors. Also Available with MasteringChemistry® This title is also available with MasteringChemistry -- the leading online homework, tutorial, and assessment system, designed to improve results by engaging students before, during, and after class with powerful content. Instructors ensure students arrive ready to learn by assigning educationally effective content before class, and encourage critical thinking and retention with in-class resources such as Learning Catalytics®. Students can further master concepts after class through traditional and adaptive homework assignments that provide hints and answer-specific feedback. The Mastering gradebook records scores for all automatically graded assignments in one place, while diagnostic tools give instructors access to rich data to assess student understanding and misconceptions. MasteringChemistry brings learning full circle by continuously adapting to each student and making learning more personal than ever -- before, during, and after class.

Book Information

Hardcover: 696 pages

Publisher: Pearson; 3 edition (January 3, 2015)

Language: English

ISBN-10: 0321937716

ISBN-13: 978-0321937711

Product Dimensions: 8.6 x 1.1 x 10.9 inches

Shipping Weight: 3.4 pounds (View shipping rates and policies)

Average Customer Review: 3.4 out of 5 stars 9 customer reviews

Best Sellers Rank: #19,045 in Books (See Top 100 in Books) #57 in [Books > Science & Math](#)

Customer Reviews

This book is horrible. My daughter struggled through her organic chemistry class and was often very frustrated with this book. Her tutor was a chemistry teacher and said it was the worst textbook she's ever used. They both said the information is scattered, unclear and doesn't match the study guide book. Very frustrating that her professor used this text.

Ordered this for my organic chem class. The material is good, but I ordered the solutions manual because I was struggling and kept finding the answers not matching the question. That's when I noted that I had the Global / International version, which will not completely match the US solutions manual. While the majority of the problem sets match, it's a bit annoying when I really want to know how to solve a problem and the solution is completely different.

Great product and worth the price.

Some of the answers in the back of the book are not correct. Annoying because it makes you second guess your thought process.

Book was in perfect condition, exceeded expectations

Good!

This book is falling apart. Seriously disappointed

The shipping was very fast when specified it and the perfect item is new.
