Book by MCDUGAL LITTEL

My granddaughter had trouble reading the text. She was failing American History. I recorded some chapters on cassette, and she was able to read along with my recording and passed the first semester. I didn't want to do this for the rest of the year. This CD has a PDF file for each section. I use an application that speaks PDF files. Now, my granddaughter listens to the text without my assistance, and is getting a B in American History.

Turned in to school, was excepted and saved the \$65 lost book charge.

Great condition

fine for what my son needed at a decent price

Perfect condition!

I ordered this as a replacement copy for my niece. Her dog ate the one the school gave her. worked out great.

So happy! Came back from school today and saw a package on the floor. Opened it and saw this beautiful book. I don't know about others but I like my books clean, no ripped pages or drawings. Textbook was perfectly new and clean! Very fast shipping and arrived 3 days before the expected delivery date. Very satisfied and pleased. Looks just like the textbooks we have at school. Can't wait to use it! The book cover the Beginnings to 2004. The books is written by a variety of people who have an enormous amount of knowledge. Also, the book is very organized and filled with pictures!! will happy to scan or provide more information for anyone who needs it. Just leave comment below!

good condition
