Mothers-in-Law Vs. Daughters-in-Law: Let There Be Peace

Synopsis

The conflict between a mother-in-law and her daughter-in-law has existed throughout all of history. In the Old Testament, Rebekah complained that her daughters-in-law were making her so miserable, she'd rather be dead. Now, thousands of years later, we're still complaining about our in-laws, often even hoping they really won't ever come visit. In *Mothers-in-Law vs. Daughters-in-Law*, author Elisabeth Graham examines this in-law conflict with aims to draw readers into a different perspective: that women will learn to recognize their in-laws as a beneficial relationship; a gift to and for the entire family. With sound biblical wisdom and clever insights, Graham teaches women to find peace in all aspects of their relationships with their in-laws.

Customer Reviews

ELISABETH GRAHAM is a popular speaker and author. She speaks routinely for Stonecraft Ministries, where she serves on the Board of Directors, and also for many other women's retreats and conferences.

This book had entertaining stories, great verses to back up thoughts, and helpful insight into a healthy relationship with your in law. Sometimes inlaw relationships come with years of hurt feelings, so I liked that she helps you understand how it will help YOU to move forward and move on. Sometimes you have to start with you, and then eventually it will be to benefit the other person.

This book has been such a wonderful help for me. I feel like it was written just for me. After years of feeling like the unloved in law this book has given me information to use to hopefully have a successful relationship with my in laws. I want to thank Elisabeth for listening to God and for writing it. I have read it once and plan to read it again to savor the important details. I would highly recommend this book to any one who has a mother in law or daughter in law.

Fantastic book! Excellent bride shower gift to both wife to be and mother in law to be. Every engaged female should read this and prevent the issues before they ever arise. I read, studied and re-read this book. I refer to my notes every time I start to feel tension with my MIL. The book gives practice advice that you can immediately apply to your life and your MIL relationship. Well worth the money and your time. I only wish there were an audible version for busy moms.

Great book rooted to scripture to guide you through the selfless relationship between DIL & MIL. Highly recommended to anyone who is searching for guidance in navigating such a complicated relationship!

What a huge help!! So grateful for her insight & perspective. My hearts desire is to be a mother-in-law that sees things from my daughter-in-laws perspective.

This was an insightful book for me, explaining reasons for some of my greatest frustrations. Highly recommend as a source for both in-law relationships. Appreciate her candor and research.

Insightful read. I enjoyed this book and it helped me see how a mother in law feels when her son has a new #1 female in his life.

good book
