Bundy: Portrait Of A Serial Killer: The Shocking True Story Of Ted Bundy, America's Worst Serial Killer

Synopsis

Theodore Robert Bundy is America's most infamous serial killer, the horribly depraved sex slayer of at least 39 young women and adolescent girls. Yet, this was no wild-eyed madman, no hunched gargoyle, foaming at the mouth to warn us of his bad intentions. This was a handsome, talented and articulate young man, an honors graduate for whom a bright future was predicted. This was a rising star in the Republican Party who might well have achieved his ambition of high political office. What then turned Bundy into the monster he became, a demon in the guise of an ordinary man? In this chilling new work, bestselling true crime author Robert Keller tackles the enigma, delving deep into the killer's motivations, psychology and deadly methodology, much of it taken from the words of Bundy himself. Warning!: Bundy: Portrait of a Serial Killer will keep you awake at night. It is not recommended for the squeamish or faint of heart.

Book Series by Robert Keller

Most of my works cover serial killers, while the "Murder Most Vile" series covers individual true crime stories. These are the main collections;

- American Monsters
- 50 American Serial Killers You've Probably Never Heard Of
- Murder Most Vile
- Human Monsters
- British Monsters
- Australian Monsters
- Canadian Monsters
- German Monsters
- Cannibal Killers

Plus various other standalone books, including the The Deadly Dozen, which is available as a free download on , and Serial Killers Unsolved, which you can get for free when signing up to my mailing list.

Robert Keller's True Crime eBook Categories:

- Serial Killers
- True Crime
- Serial Killer Biographies
- Murder and Mayhem
- True Murder Cases
- Serial Killer Case Files
- True Crime Short Stories

Customer Reviews

Garbage. A rehash full of errors. Dates. Victims. misspellings. Dennis Crouch? It's Dennis Couch and I'm no Bundy author. DNA linked William Cosgrove to Kathy Devine's murder. Bundy was in Washington State the day Sandra Weaver disappeared and a day later when her body was found in Colorado. He never confessed to her murder. I could go on, but you get the idea. In short, I threw away \$3.99 and 15 minutes of my life. One reviewer calls this the best book since Ann Rule's *Stranger Beside Me*. Really? Shill city, here folks. If you want the real Bundy story read Michaud and Aynesworth's book, Keppel's, and Dick Larsen's *Deliberate Stranger*. All the others are rehashed or poorly crafted cobbled together trash penned by want-to-bees clinging for their place in Bundy lore.

When you're looking at the description of this book you read warnings about how it's graphic or so in depth (not sure of the exact wording, but you can get the point). I believe it even said if you have read other books on Bundy, and I have read many, that you should still read this book. Well I'm here to tell you the only thing that any avid Bundy reader may learn from this book is the name and ages of victims that may have been committed by Bundy but never have been. I hate to give bad reviews on books but with all the hype they use to get you to buy it, I feel I should let you know what you're getting. It's just a normal account of Bundy's life and crimes written in a condensed version so it's a quick read. I do enjoy Robert Keller's writings this one just fell short.

To actually enjoy this, one would have to be more than a little unbalanced. That said, Keller's riveting account of this demon in human form is the car wreck you can't look away from. If you're ready to glimpse the darkness that can be a man's soul, steel yourself and open this book.

Best book about Ted Bundy since Ann Rule's book about him

It was ok .. I have read every book out there on Bundy .. I didn't really learn anything new , but I was a good read .

I thought it was a good read. Although have heard, read and seen. It was still very good writing.

I've read a few books about Ted Bundy. This one has a lot of detail and tons of information. Great book!

Poorly written. Nothing new. A glamorized book report.
