James Randklev's intense, saturated landscape photography captures Florida's colors, both brilliant and subtle, and its many moods, historical buildings, seascapes and cityscapes.

Master landscape photographer James Randklev has photographed America for thirty years, primarily with a large-format camera that provides the rich images collected in this volume. His brilliant and sensitive work has made him one of the Sierra Club's most published photographers. His color photographs have appeared in books, periodicals, calendars, and advertising—and they have been exhibited in shows in the United States and abroad. In 1997 he was the sole American chosen to exhibit in the International Exhibition of Nature Photography in Evian, France.

I was so pleased with Florida Impressions on my holiday in Florida I had two more posted to the UK for my friends and we all loved it. It is exceptionally good. Congratulations to Mr Randklev for his magnificent production.

Lovely representation of natural Florida beauty.

Great on coffee table and fab gift.

Nice photos. Nice book for the low price. I got 3 of them to have as gifts - and liked the look of them when they arrived.
