# Second Chance Stepbrother

## Synopsis

He was my first crush. Now, he's my stepbrother. Years ago, Josh Anston was the boy I teased—the older kid that I wanted to impress. I didn't think he even noticed me... until the summer our parents rented a cabin together. Those hot months were full of secret glances, whispers under the stars, and a single, stolen kiss. After that, I moved. I went on to college. I never saw Josh again. When my dad said he had big news for me, I had no idea what he was hiding. Turns out he married someone without even warning me. He called it spontaneous. I call it insane. Still, I promised I'd let him prove to me he was happy. His request wasn't much: another summer at the old cabin, three months with his new wife and my new stepbrother. This guy is incredible looking, totally my type, but most importantly... he isn't a stranger. Josh, my first ever crush, is now my sibling. He's the one that got away. Now, I'm forbidden from being with him. Josh has to know it's wrong for us to get together. We're technically related, right? So why the hell is he flirting with me. Why is he making it so hard to control myself? I want my dad to be happy. He means the world to me. And I hope he remembers that when he learns I slept with my new stepbrother... This is a standalone novella with a HEA and NO cheating! Penny Wylder writes just that-- wild romances. Happily Ever Afters are always better when they're a little dirty, so if you're looking for a page turner that will make you feel naughty in all the right places, jump right in and leave your panties at the door!

## Customer Reviews

Another amazing sexy, short read that will have you hooked from the beginning. Paulina & Josh were young and spending time at the lake brought them closer together until they had to part. Years later they are back together but as step siblings. Their chemistry can't be denied and they give in too temptation. With sneaky around Pau wants so much more and finally admit her feelings. Will Josh feel the same or will it be just another fling? If you want a short sexy read then one- click Penny's books because Penny always delivers.

Penny you have to stop doing this to me. Everytime your books just keep getting better. Pauline is asked to come to the old cabin by her dad to meet his new wife. What she doesn't expect is her old crush/love josh to be her new step sibling. Ohhh how come he keeps flirting, how can she resist. Ohhh it gets good and super sexy. Just go ahead and one click now i had too. I recieved this book as an arc and i am giving my honest review voluntarily

This was a fun, short, sexy read. It was everything you expect from a PW novella. Josh and Pau were teenage kids who took their first kiss from each other then Josh and his mom moved away. Pau always wondered about him. They come face to face six years later as their parents marry each other. Now that they are step siblings that doesn't make their mutual infatuation any less powerful.

Loved this story...especially the surprising part of the parents getting together and bring in love..then trying to pick up where they left off, then towards the end finding out why Josh was away because Pauline dad told Josh to leave her alone and because Josh knew that they were moving away..both thinking it was impossible to finally enjoying the love they both share for one another

Great short. Josh and Paulina grew up together had the makings of young love until he moved away. Years later Paulina's dad surprises her with a new mom and stepbrother. When her new

brother turns out to be Josh will the old sparks fly?

Nice short story. Two teen in love separated due to one moving away and 6 years later..... you have to get the book. It's a second chance but not so easy.

Short, steamy and sexy...what's not to like about that?I voluntarily reviewed an ARC.

Hot and sexy could not stop reading it til I finished it ! I wanted more.
