Yuajah, (her Rasta name) is a 32 year old Jamaican Rastafarian woman who resides in Toronto, Ontario Canada. Having known she was "different" and Rasta, since the age of 8, Yuajah now spends her living educating others on what it means to be a Rasta, and how to follow this facinating, down to earth, spiritual way of life, based in truth.

Good points and perspectives... I love the honesty and openness in which the author goes through the book. There are some very helpful tips and instructions. However, some of the perspective and rules vary from one Rasta to another.

A very basic outline of the Rasta way of life but it lacks history and the reasons why rastas believe what they believe.

Great beginner book on the road being a rasta, it could have been a little better if they went into detail about the everyday life and rituals of a rasta.

Very informative, I just wish it had more info in it. The information was great but I felt it could have had more. Jah bless

Love it , answer all my question

I would recommend this book for anyone who wants to achieve a closer relationship with God. It's easy to read and understand. The book also provides many examples of how different Rastas follow the written word.

I really found this book interesting! I recommend it to anyone whom is interested in changing the way they live their lives

Great information and great summary of Rasta! This is a great book for people who want to know about the topic.
