Outrageous Katie is a legendary figure in the adult coloring book world. She was the first to bring provocative topics and top-notch quality to the industry. She is a single mother originally from the UK now living in the great state of Texas.

This coloring book is really fun. If you enjoy following politics and you enjoy coloring, you will probably enjoy this book. The creator has illustrations of Trump and Hilary in different pop culture battles. For example, there is a Mario go cart page, a whack a mole, and world wrestling. She also

has illustrations alluding to different campaign issues or scandals. There is one about Hillary's Email, there is a Trump Taco page and one about small hands. I giggled as I paged through the book and am looking forward to coloring a couple pages and posting them on my facebook page. The reason for 4 stars instead of five? Some of the pages are very busy and I couldn't make out what some of the background items in the images are which makes it hard to know how to color them. It isn't every page. Also I wish the paper was a bit thicker but it is in no means cheap paper. It is sufficient for pencils and gel pens. I will add a couple of my favorite pages below.

I bought this as a gift for a friend. She is very into the adult coloring book scene. She is also in love with politics. I am not sure if she is going to like it or not (I haven't given it to her yet), but I love it! I flipped through the pages and it made me laugh. If you aren't crazy about either candidate this upcoming election and you like to color, I would recommend getting this. At least a few of the pages will make you laugh, no matter what your political affiliation is. And, if you are a fan of coloring, this has some pictures that have quite a bit of detail (others that don't), so you won't be disappointed. For how cheap this book is, you should definitely get it if you are considering it.

This coloring book is a hoot. If you like politics or not it's funny. I was laughing as I looked through all the pictures. AND was cracking up as I colored the Trump taco bowls are the best picture. I bought this because I was buying the other Trump book and I figured for 4 dollars why not. Well I'm glad I did it's a riot. If you love Trump or Hillary or either one this book is for you it's just pure comedy. And with this election pure comedy is really what it is. The whole book is just a play on different things. There is a Mario Kart one, Mortal Combat, etc. They just make you laugh and adult coloring is for relaxing and for stress relief. Well this one definitely fits the bill. You can't help but giggle while coloring or just looking at the book. So if you are a serious colorist like I am (I have over 80 books) or just doing it as a hobby or a political fan this book is for you. I hope you enjoy it if you purchase it as much as I have. I love it and highly recommend this book. I hope you find this review useful in making your decision. If you do purchase it enjoy it if not I hope you find the right book for you. Happy Coloring.

I just got this book for my birthday and it's just plain hilarious. I'm quite a political person and we most certainly need something to laugh about these days. LOL I don't care which side of the aisle you lean towards...this is just funny stuff. Great job, Katie!

Hilarious coloring book!

I expected it to be a little more raunchy. I wanted something crude, nasty and disgusting. Something befitting of and reflected by the 2016 Presidential campaign.

It's only a joke book. Lots of different pics of Hillary and Trump doing dumb things. Just like them running for President...just my opinion

Excellent book great for expressing your feelings about this election through color. Will make a good keepsake for the next generation.
