P Is For Peach: A Georgia Alphabet (Alphabet Series)

Synopsis

As you travel through the Okefenokee Swamp, keep an eye out for Tiger Swallowtails and Brown Thrashers, and be sure to pick some Yellow Confederate Daisies before taking a nap under a Live Oak Tree. This is the Georgia that becomes a wondrous reality within the beautiful rhyming verses of Carol Crane and the colorful images of Mark Braught. At the same time the rhymes entertain and inform younger readers, Crane's in-depth expository text will appeal to older ones, creating a two-tiered teaching tool for educators in the Peach State and across the country.

Customer Reviews

Carol Crane has written 14 books for Sleeping Bear Press, including the best-selling P is for Pilgrim: A Thanksgiving Alphabet. As a children's literature advocate, Carol travels across the country, speaking at schools and many conferences. She makes her home in North Carolina.

My six-year-old cousin learned about different states at school, so this was a fun gift for her. She enjoyed reading it at "rest" time.

Great Alphabet book, for young and old. Has the simple Alphabet story line for the younger

generation. But also includes lots of side notes for older readers, to continue to learn something new. Pictures of beautiful in the book!

Wonderful book. In great condition

A really pretty children's book. We keep it out as coffee table book because it is lovely as well. Great gift for my friend from Georgia who moved away and whose child won't be from Georgia- nice to know she will still be able to read to him about home!

Cute book! Nice artwork.

Sent this in a gift exchange to introduce Ga to someone who's never been here. It's got a lot of great local info and covers a lot of what I wanted them to know about where we live.

The H. Versailtex Printed Blackout Panels are my favorite, I just ordered another pair.

I like this book for my second grade class. It has a lot of information but presents it in an engaging way. My kids love seeing places they recognize from our state!
