Mommy, What Is A Missionary?

Synopsis

Written for young children, *Mommy, What Is a Missionary?* tells the story of a loving mother who answers her daughter's tough questions about missionaries. Katie's mommy explains that missionaries love to tell others about how much Jesus loves them. And Katie learns that missionaries enjoy praying for little children like herself. Katie comes to realize that she can pray for missionaries too! In 2002, author Dan Schuch was asked to speak at the funeral of a dear friend, a missionary who had died suddenly, leaving behind a wife and two young kids. On the night before the funeral, Schuch had a vision from God, which led to writing this book. *Mommy, What Is a Missionary?* honors Schuch's missionary friend, while imparting to children an understanding and appreciation for the role missionaries play in building God's kingdom. Children will be engaged by the whimsical illustrations. Guided by appropriate questions on each page, parents and teachers will have fun introducing kids to the important work missionaries do. Designed for use at home or in Sunday School, this book provides a positive way for kids to support missionaries. A portion of the book's proceeds will help fund a college account for the children of the missionary who inspired the book.

Customer Reviews

Good idea for a book but scripturally lite. Too much is left to the adult to actually explain what a missionary is. The many pages describing the features of regular people could have been condensed to allow for more missionary emphasis and what they really do. I was looking for a book to use during Bible School for 4 and 5 year olds. I bought the Kindle version and discovered it is not what I needed.

What a delightful read with a wonderful message. I have so enjoyed sharing it with little ones!

Simple and cute children's book. Love the illustrations.

This is a wonderful book! The simple text and engaging illustrations grab kids' attention. Additionally there are deeper questions in the back that offer ideas to parents for further discussion which creates a book that will be read and reread for years.

Love it. My son and I have read this book so many times he knows when some of his favorite pages (like the dogs and cats pages) are coming up.

Absolutely love this book!!
