For Colored Girls Who Have Considered Suicide - When The Rainbow Is Enuf

Synopsis

This groundbreaking work of literature was originally written as an extended choreopoem, debuted on Broadway in 1976, and is an upcoming star-studded movie. For the first time, it is brought to life in audio in this powerful and moving performance by one of the film's stars, acclaimed actress Thandie Newton. Playwright, poet, and novelist Ntozake Shange originally composed for colored girls who have considered suicide/when the rainbow is enuf in as a mesmerizingly original choreopoem. The New York Post called it "rich with the author's special voice: by turns bitter, funny, ironic, and savage; fiercely honest and personal." Now a new audiobook, it chronicles the interconnected lives of a group of women facing shatteringly difficult issues, and evokes the indomitable power of enduring hope and joy. Thandie Newton, from the movies *Crash*, *The Pursuit of Happyness*, and *W.*, captures each emotion with heartbreaking honesty in a fearless, passionate, and inspiring performance of the author's vivid and lyrical language. The New York Times says "Ntozake Shange writes with such exquisite care and beauty that anyone can relate to her message."

This book changed my life. I LOVE the film, so was very keen on reading the book. Now that I have I see why it was so powerful that it had to be put in film (to catch more readers!). The book is just THAT good, I am buying it as gifts for my friends and family this year for the holiday season. I think any woman could relate to the poetry in this book. It is about what we all go through, and I could identify with every single woman represented by every color. Just amazing, that is all that I can say.

Definitely a great read, and I read it in one day. If you are on the fence, you have to buy this book - you will not be disappointed.

This play/poetry collection is a "choreopoem," the term used for this type of drama will hit you right in the gut. A group of five African-American women express their struggles, heartaches, and moments of joy. This book is intense and memorable, and something I can see myself picking up for a reread.

Love this book. Excellent book about african-american women experiences in life.

I thought was going to be Better

The poems are life changing and exhilarating. This is not book that you can just fly through. These poems need to be chewed and digested properly.

Thanks.

Where do I begin?! This is an amazing screenplay/book. Read in one sitting but I reference it all the time. Everyone should submerge themselves in this work of art.

I absolutely love this play! I've seen it performed in different settings and am exhilarated to now own the book!
