Customer Reviews

This book has an excellent collection of swirling, layered, entwined and combined designs and patterns that are imaginative, very complex and intricate. This book will challenge and inspire you if you love very detailed coloring. Many of the images are so complex they will take days to complete so this book is not for everyone. If you prefer less complex designs and patterns this artist has just published two other excellent coloring books "Adult coloring books Magic Christmas

for Relaxation Meditation and Blessing. Both have less complex but artistic and inspiring designs and patterns to color..1. 30 illustrations printed one per page (the back of each page is blank) on light weight bright white paper.2. The patterns are very detailed so Gel Pens, colored pencils or ultra fine markers must be used .3. All markers and Gel pens bleed through the paper, I place a piece of paper under the page I am coloring to prevent damage to the next page.4. I am adding my favorite patterns for you.

This is a really nice collection of designs. Most have a 'medium' level of intricacy, taking at least several hours to complete. But a few have really, tiny details which would require fine tip markers. Each of the 30 designs are printed single sided, and on the back it says "My drawing page" (see my photos). Most are abstract designs, but there are several village scenes, dolphins, and some that include words like "Summer" and "Happy Day". Overall, this book has a nice variety of designs for the price.

Great weight of paper. These illustrations had me relaxed within a short time. Mindless entertainment.

Beautiful pictures and it is relaxing to color!

Purchased for a gift - but looks like many hours of coloring fun - for those who like to color in intricate detail. However, it is very busy so I think relaxation is not necessarily the right word for it. I wouldn't do this one if you stress easily.

I love adult coloring it's so calming and fun. Although I wasn't too fond of this book due to some of the designs. I like to know what I'm coloring and a lot of these were just random designs which I'm personally not a huge fan of but I know some people love the very difficult designs. If you like complicated this is perfect but if you're like me and like to know what your coloring this book isn't for you.

I love the adult coloring books! So relaxing! I am hooked.. I love all the different patterns and enjoy mixing different colored pencils!

Loved to color as a kid and thought it would make a great gift. Bought several of these and got positive feedback. Fun and relaxing.
