The Hebrew-Greek Key Word Study Bible: NASB-77 Edition, Hardbound (Key Word Study Bibles)

Synopsis

There are times when a Greek or Hebrew word has a distinct meaning that seriously affects the proper interpretation of Scripture. Unless you are familiar with these languages, you will not be able to determine what word in the original text was used or the differences between these words-until now. The Hebrew-Greek Key Word Study Bible identifies the key words of the original languages and presents clear, precise explanations of their meaning and usage. Those who love God's Word will treasure this Bible, for it contains a whole library of biblical helps within its

covers. **NOW INCLUDED*** Wider Margins on Pages of the Bible Text* Key Words in the Biblical Text Coded to Strong's Numbers* New Word Studies with AMG's Annotated Strong's Dictionaries* Red Letter Edition of the 1977 NASB Bible **HARDBOUND**

Customer Reviews

"The Hebrew-Greek Key Word Study Bible is my favorite. I can give it no higher recommendation than to say it is the Bible I have raised my daughters to use." BETH MOORE, Living Proof Ministries, Houston, Texas

This is my ultimate go to Bible! I prefer the NASB as it is the closest word for word translation to

english out there. It's an excellent resource for those of us geeks that want to know what the meaning of everything of is. As with any of the other Bibles that I own the only thing lacking is maybe 20 -30 more bookmarks. The leather cover is durable and I thoroughly recommend this Bible.

This bible offers a lot more than just NASB clear translation. For those who want to dig deeper to the original manuscript will find this bible refreshing and insightful. I really appreciate the perspective of NASB translators which is to be close to the literal meaning and yet up to date enough to day to day English. The Greek and the Hebrew key words make this bible even more valuable. The comprehensive Greek and Hebrew concordance in the back also give you much information. For some reason, I ended up using this bible more than the rest (NKJV, NIV, NET, ESV, NRSV, and Young's) and really enjoy it since I bought it in 2011 (maybe because it's newer too, ha!). I believe that the best Bible commentary when it comes to doctrine is the Bible itself, unless if it explains things like history, tradition and culture of the context to enrich your understanding, so I can't comment on the commentary (I'm sure there's a lot of good information as well). Note: This bible is not like a regular interlinear bible, only some 'key' words the author chose to cover and not comprehensive. So if you want to have interlinear this is not the one. I bought this because of the NASB translation, but ended up getting more than what I was looking for.

Love it. Back in the day you'd have to have your 3" thick strongs concordance right next to you as you read. I still have it but it helps to be able to look right away.

Perfect, good margin space, type very readable, excellent layout. And THANK YOU for offering the 1977 NAS translation! :)

So helpful in studies.

This is a very good study Bible for gaining insights into the original languages of the Scriptures. As other reviewers have noted, it contains condensed versions of Hebrew and Greek lexicons and dictionaries in the back of the Bible. This makes it handy to look up KEY (more important) words in order to get a better understanding of the text. This Bible was not meant to define every word (it would be too big to be portable), but it does a good job of handling many of the key words. This Bible is only available in bonded leather or as a hardback. No genuine leather cover is available that I

know of. The binding seems solid (time will tell). The pages are very good quality for the price. The print size is very good in the Bible's text but rather small in the lexicons and dictionaries. This Bible also has a very good concordance with many more references than many of the other study Bibles out there. It has a Notes area in the back and the standard full-color maps you would find in a good Bible. It also has a handy center-cross reference. This version is the 1977 New American Standard, not the updated '95 version. Nevertheless, it is a good, accurate, formally equivalent translation. What I appreciate the most about this Bible is the ability to look up some words for myself instead of relying on an abundance of commentary to try to explain the text. So if you would like to get past someone else's interpretation and discover what the text means to you, this Bible can be very helpful. If we are to know what God means, it is certainly beneficial to know what He originally said. And that is the main benefit of this Bible - looking up the original Hebrew and Greek words.

Thank you so much again the Bible wasn't for me it was for my brother wife in Canada . He assured me that she love it and looking forward to read it thanks again juline

Exceptional book! The Hebrew/Greek Key Word Study Bible is always standing out front of all of the other translations. Thanks to Spiros Zodhiates and his wonderful team who put this together to help those who haven't attended the schools of languages. And thanks to the sellers, very prompt in delivery!
