# Would You Rather...? For Kids!

## Synopsis

The Would You Rather series has become a genuine phenomenon, with books, calendars, board games, a DVD hosted by Howie Mandel, and radio shows. There's even a television show in the works. Showcasing Justin Heimberg and David Gombberg's hilariously absurd propositions, this entry is the first in the series designed specifically for young readers. Featuring new illustrations depicting deranged dilemmas and crazy choices that are sure to stretch budding imaginations, typical entries tap youngsters' penchant for the wacky and the gross. They include 'Would you rather burp the sound of a machine gun or cough the sound of bagpipes?' and 'Would you rather sleep a night on a bed covered in peanut butter or next to a humidifier full of spit? Would You Rather? for Kids is perfect for everyone from reluctant readers to comic book fans to creative and thoughtful bookworms. Playable alone or in a group, it's ideal as well for children who like a good belly laugh or who enjoy playing games.

## Book Information

Series: Would You Rather...?

Paperback: 184 pages

Publisher: Seven Footer Press (November 28, 2007)

Language: English

ISBN-10: 0978817826

Grade Level: 2 - 7

## Customer Reviews

I teach 4th grade, and at the end of the day when we have some time left before the bell rings, I have used the Coke or Pepsi books to fill in the last few minutes of the day. I wanted to get

something different, so bought Would You Rather for Kids. I don't like this book at all. Many of the question are not really appropriate for school. Would not recommend.

Great purchase!

Great for kid's lunchboxes.

bought this for my daughter because we were going on a long road trip, we did go over a few of the questions and some were funny, others gross. overall we had fun imagining the situations and coming up with answers, we did have to explain our answers, so that was fun too.

I didn't think this was all that great but he seems to like it so I have to give the review on his comments. So I guess it is a good book.

This book has a a variety of "would you rather" questions broken into sections titled You've Been Cursed, Cool and unusual Punishment, New School, etc. I am using this book as a resource for curriculum writing and have found more than enough ideas for my purposes. One downside that I've found is that many of the questions don't seem appropriate for younger kids (1-4 grade). There are a large number of questions that are more graphic than I'm comfortable using. Overall, useful and way better questions than I would have created on my own.

As a new teacher to 3rd graders, I bought this book so that I could find a creative way to get conversations started. This book is a gold mine for unique brainstormers.
