Customer Reviews

Maine Curiosities is your round-trip ticket to the wildest, wackiest, most outrageous people, places, and things the state has to offer. Tim Sample has traveled up and down Maine in search of the one-of-a-kind gems that make Up East truly unique. So sit back in your easy chair, put up your feet, and get ready for a road trip you'll never forget! (5 1/2 x 8 1/2, 224 pages, b&w photos)

Tim Sample is known throughout Maine and other parts of New England for his Down East humor. He got his start in the 1970s doing a standup comedy act with Marshall Dodge, the co-creator of the popular "Bert and I" characters, and Sample later went on to record several albums with the Bert and I Company. Since then he has worked on a variety of other projects, including authoring Saturday Night at Moody's Diner and publishing several videos and CDs of Down East humor. His "Postcards from Maine" essays have appeared on CBS Sunday Morning regularly since 1996.

This book does NOT give one the interest to travel to the sites mentioned. It did not move me to want to visit or explore any of the Maine Curiosities. I was mislead to believe I would want to travel to these sites. Not true. To blah.

A good, funny book. It is comical and accurate for all Mainahs. Especially those that are not in Maine any longer.

very fast, receive it next day. I just love this product I just use it for basic cutting I bought it because I read the reviews and its just what they I just have to go buy a sleeve for it Kelly needs it , OK Received as described.

I am planing a trip to Maine and thought I would read-up on the state. Tim Sample is billed as a sort of Down East Dave Barry. The book is vaguely cute but certainly not humorous. Unless this is what passes for humor in Maine (I hope not). The book presents curiosities that are only mildly curious and quirky characters that are not very quirky and wouldn't get a second glance in California or Florida. Its main subject matter seems to be large road-side advertising constructions. As someone who has driven through more than half the states in the Union, I find that the highlighted Maine road-side advertising constructions in this book are nothing out of the ordinary, and hardly rate the write-ups devoted to them here. Disappointing.

This book has the unusual landmarks we drive by every summer and wonder "What's that all about?" Questions answered!!!
