# The Cooking Of Spain And Portugal

## Synopsis

Our feline companions are much-loved but often mysterious. In *The Inner Life of Cats*, Thomas McNamee blends scientific reportage with engaging, illustrative anecdotes about his own beloved cat, Augusta, to explore and illuminate the secrets and enigmas of her kind. As it begins, *The Inner Life of Cats* follows the development of the young Augusta while simultaneously explaining the basics of a kitten's physiological and psychological development. As the narrative progresses, McNamee also charts cats' evolution, explores a feral cat colony in Rome, tells the story of Augusta's life and adventures, and consults with behavioral experts, animal activists, and researchers, who will help readers more fully understand cats. McNamee shows that with deeper knowledge of cats' developmental phases and individual idiosyncrasies, we can do a better job of guiding cats' maturation and improving the quality of their lives. Readers' relationships with their feline friends will be happier and more harmonious because of this book. --This text refers to an out of print or unavailable edition of this title.

## Customer Reviews

"This deeply researched book helps us understand how our cats experience the world and what they are trying to communicate to us." --Catster  
"The Inner Life of Cats is filled with shining prose, moments of sheer cat joy--and intimate, careful scientific observation. Thomas McNamee's naturalist's eye, combined with his humor and heart, bring the always wild, yet domesticated cat into delightful, insightful focus." --Cat Warren, New York Times bestselling author of *What the Dog Knows*
