Thinking About Psychology: The Science Of Mind And Behavior

Synopsis

Written to promote critical thinking, captivate students, and satisfy the APA standards for high school psychology, *Thinking About Psychology* is an introduction to high school psychology unlike any other. In a convenient and effective modular format, it presents psychological science in a rigorous yet non-threatening way, with immediate examples that help high school students bridge the abstract to the familiar.

Customer Reviews

CHARLIE BLAIR-BROEKER teaches psychology at Cedar Falls High School in Iowa, USA. He has held a number of APA positions including chair of the Executive Board of Teachers of Psychology in Secondary Schools. Among his teaching awards are the Grinnell College Outstanding Iowa Teacher Award, the University of Iowa Distinguished Teacher Award, and the APA Division 2 Teaching Excellence Award. RANDY ERNST has served on numerous APA committees and is a recipient of the Division 2 Teaching Excellence Award, the University of Nebraska's Distinguished Educator Award, and Time-Warner's 'Crystal Apple' National Teacher Award. His most recent publication is a unit-plan on Cross-Cultural Psychology (co-author) and he is currently Chair of the Positive Psychology Curriculum Task force.

Book came as described and got here quickly. Bought it to replace a lost high school text book, worked well for what we needed it for.

I purchased this book for my daughter and it got the job done for her online classes. Very well written

Made two attempts to contact seller. Never answered me. Never received book. Now must wait the two weeks to get reimbursed by .

The item I received was perfect. It was the shipping that took too long. I thought I would have it by a certain date and it didn't come until at least 5 days after the date I was told.
