Rick Steves Snapshot Dublin

Synopsis

You can count on Rick Steves to tell you what you really need to know when traveling in Dublin. In this compact guide, Rick Steves and Pat O'Connor team up to cover the best of Dublin, including tips on arrival, orientation, and transportation. Embark on a traditional pub crawl, tour the Kilmainham Gaol, or view the Book of Kells in the Trinity Old Library. You'll get firsthand advice on the best sights, eating, sleeping, and nightlife, and the maps and self-guided tours will ensure you make the most of your experience. More than just reviews and directions, a Rick Steves Snapshot guide is a tour guide in your pocket. Rick Steves Snapshot guides consist of excerpted chapters from Rick Steves European country guidebooks. Snapshot guides are a great choice for travelers visiting a specific city or region, rather than multiple European destinations. These slim guides offer all of Rick's up-to-date advice on what sights are worth your time and money. They include good-value hotel and restaurant recommendations, with no introductory information (such as overall trip planning, when to go, and travel practicalities).

Customer Reviews

Rick Steves has spent 100 days every year since 1973 exploring Europe. Rick produces a public television series (Rick Steves' Europe), a public radio show (Travel with Rick Steves), and an app and podcast (Rick Steves Audio Europe); writes a bestselling series of guidebooks and a nationally syndicated newspaper column; organizes guided tours that take thousands of travelers to Europe annually; and offers an information-packed website (RickSteves.com). With the help of his

hardworking staff of 80 at Europe Through the Back Door[®] in Edmonds, Washington, just north of Seattle[®]; Rick's mission is to make European travel fun, affordable, and culturally broadening for Americans. Irish-American Pat O'Connor first journeyed to Ireland in 1981, and was hooked by the history and passion of the feisty Irish culture. Frequent return visits led to his partnership with Rick Steves and his work as a tour guide and coauthor of this book. Pat loves all things Hibernian (except the black pudding) and thrives on the adventures that occur as he annually slogs the bogs in search of new Irish travel discoveries.

Rich Steve guides are the very best for Europe. They have true reviews, telling you if something that is supposed to be great is actually boring, and directing you to the really terrific stuff that is not well known. His museum guides are unequalled. He walks you through each important piece with details and tells you when to skip a room. I looked at some places he said to skip and he was right. You will not find a better guide.

This guide book was extremely helpful as I traveled around Dublin on a brief visit. What to see and where to find what seemed most important and interesting is clearly explained. Maps were very clear, too, and, as always, Rick Steves, shows the reader how to save money and still have a wonderful visit. I found the section on the National Library especially worthwhile, as a great William Butler Yeats exhibit has been installed since my last Ireland trip 20 years ago.

Used this to help plan trip to Ireland. Enjoy his books. The Kilmainham Jail is a must-see and is covered in this book, and my friend tells me that it wasn't in some of the other books he read about Dublin.

I will only be in Dublin for a few days which is why I wanted the "snapshot" Dublin version of Rick Steves' Ireland, as I knew I would not have time to explore more than Dublin. I booked my hotel after reading about the different areas/neighborhoods of Dublin, and since it turns out to be a busy weekend, I was able to find a place even though my first few choices were not available. After reading the book, I have created my itinerary for my short visit and feel well prepared to have a great trip.

Rick Steves' is always wonderful when I want to get the most out of my traveling experiences. I wouldn't go anywhere in Europe without it and would recommend his tour guides to anyone looking

for a great tour book that has perspective and personality. Wonderful read.

Really great read! It is concise and not too wordy but gives a good description of the sights, the history of Dublin and all kinds of interesting information! I highly recommend it!

I love the Rick Steves series of travel guides, but I'm very disappointed with the poor technical quality of this book. Tried to look at the Dublin map but it is upside down and when I try to turn my iPad it won't correct itself, this makes the map unusable.

as usual 100% useful and useable3 guide - just what you need to gave a wonderful Dublin getaway!
