Noah's Crew Came 2 By 2 (GodCounts Series)

Synopsis

Can you imagine building a boat so BIG that it could hold two of every kind of animal? That's exactly what God asked Noah to do. God told Noah that He was going to make it rain for forty days and nights and cover the whole earth with water! So old Noah went right to work and did what God told him to do. In Noah's Crew Came 2 by 2, kids will learn about some of the animals Noah brought on board the magnificent ark with him and his family. Story Behind the Book With the incredible response 9 Fruits Alive and Jesus and the 12 Dudes Who Did received, it was clear that parents took to heart teaching their children that God Counts! My hope is that with these two latest installments and My Bible Storybook coming out in February, young ones will continue to learn even more about the wonderful God we serve.

Mindy MacDonald graduated from the University of Oregon with a degree in Kinesiology. But it was not until she took a job at a local Christian bookstore where she discovered her passion for books. Mindy's gift in storytelling was further cultivated as an elementary school education assistant and has since taken classes in writing children's literature. Mindy and her husband are motivated by bringing God glory through their writing and musical talents. They make their home in central Oregon with their two cats, Jack and Charlie.

My kids love this book. They loved it so much that it fell apart and I had to order another one! Great message, and it keeps the attention of my toddler because of the raised images of the animals. We read it and touch all of the animals and usually he wants to read it 2 or 3 times in a row.

Received when they said it would be. Book was as seen and new. The children love reading it.

This is a great way of introducing the little one's to the Word. My 1 year old daughter is enamored with this book because it speaks to her sense of touch.

I highly recommend this book. The look and feel of the book kept my then 2 year olds engaged. My twins wanted to read this book every night. Pick this up if you have little ones that like animals, Bible stories, and "touch and feel" books.

It's one of my favorite books. My kids loved them and I have several of her books. This is my go to first birthday or baby shower gift

Love the animals in this book, purchased as a baby shower gift!

A great book for toddlers. It puts the story of Noah in a way that 1-3 year olds can understand the story.

This book was a little bit of a letdown when you compare it to the seven days of creation book that's out but it's still cute
