The Edge Of Leadership: A Leader's Handbook For Success

Synopsis

The Edge of Leadership is a superb manual that aims at contributing to the development of human and institutional capacity through holistic or sustainable leadership; Leadership which is for the benefit of the leader, followers and society. It's a guidebook that could set the world with regards to business leadership and human interface, on the same plain. It fills a certain void in the leadership application processes, by combining basic principles and methodologies of leadership with Life Lessons. These life lessons help to address many of the leadership problems we see today. Many leaders do not "fail" because of skill, experience or intelligence but due to lack of wisdom. This book is a powerful resource which offers fresh concepts, insights and inspiration that can definitely revolutionize the face of leadership.Â Let's get this valuable tool in the right hands - Your hands!

Customer Reviews

I LOVE Brigitte's Book - " The Edge Of Leadership " ! As in All of Brigitte's Writings - This Book Truly Delivers! The Book is Extremely Informative and Overwhelmingly Powerful! Brigitte does Not

speak down to Us Leaders but Instead She Looks Us Straight In The Eye and Tells Us what We Must do To Constantly and Consistently Improve and Become The Very Best Of The Very Best! Brigette Always Speaks To Us With the Goal of Making Us Great! She Does Not Believe in Mediocre Anything and Her Life Is an Example of That! Just Like Brigette - This Book Really Delivers! " The Edge Of Leadership " is a Must Read for Those that Are Leaders and Also To Those that Want To Become Leaders! As Leaders , We all Share a Common Ground > We want to Excel and Become the Best of the Best out there! A Great Leader Though is One that Can Take His Or Her Followers and Help Them Become " EXPLOSIVE LEADERS " Themselves! Brigette Is That Person :):):):):)

Everything Brigette writes is golden, but with this book she has outdone herself. This is a powerful resource for anyone in a leadership role. But even if your not, there are life lessons that can be drawn from every practical tool.

The book is well written. The book itself is a comfortable size, the graphic art and pictures are bright and clear, the font is the right size and the layout of the paragraphs and chapters are quite inviting. The content is original and top class; the language is an easy read; the leadership models are crisp and provoke introspection. I think it is truly a leader's handbook for success. I believe Brigette has taken her first steps to being a best selling author and I look forward to her next book.

I've read many of Brigette Hyacinth's articles on the topic of leadership and she knocks it out of the ballpark each and every time. This book is a MUST for anyone interested in making leadership a serious study during their lifetime. HIGHLY RECOMMENDED!!!

Brigette Tasha Hyacinth introduces readers to "The Edge of Leadership," first, by providing clarity on the distinction between leadership and management. She knows it's impossible to lead without a clear understanding of leadership as a situational entity. She also shares the idea that leaders must be prepared when the opportunity to lead arises. Her work is a detailed study that touches every essential component of this important topic in a personal and informative manner, including the idea that "if you don't take care of yourself you will be of no use to anyone." Ms. Hyacinth brings readers to "The Edge of Leadership" but the motivation to take the leap must originate from deep inside those of us who care to guide others toward a more successful and rewarding future!

Brigette Hyacinth is a thought leader on LinkedIn with an incredibly large following of dedicated supporters who writes about Leadership. I eagerly read her work for practical views on how to navigate any and every situation as an opportunity to show strength of character. This book deserves to be consulted regularly. It is a manual on how to get through difficult life and work situations.

Your down to earth approach, good research and putting everything in context make your book one of the many references that should be present in everyone Office's bookshelf especially those who aspire to ascend the social ladder and take challenging rolesPlease keep up the good work. You indeed have inspired me and motivated meLouis

This was an excellent read. It was a good refresher and I highly recommend keeping this around if you are in a leadership position. Sharing it with those in leadership training is also a good idea! I enjoyed reading this book.
