Very inspiring! A very nice book for teens as well as adults. I really enjoyed reading it with my daughters!

The teenage years are tough ones. Reminds them that they are important and special and loved and not alone and written in a way that when they just need to feel hey, I am okay, there is a page that helps them relate. I have bought 3 already and plan to buy more as nieces and friends reach those important teenage years.

My daughter and I got a lot out of this book. We read it together, a bit a day as required reading. It is positive, inspirational, and conveys messages that are sometimes just plain hard to say on our own. Not too sappy either!
