Our Granddaughter, age 4, LOVED this book. Would definitely recommend to others. The smells are realistic, some pleasant some pretty yucky!

Fun book I had to buy because my kid's age (4, 4) love the Sweet Smells of Christmas book. I'm afraid it won't stay scented for long though. This book had pretty weak scents once we opened it compared to the Christmas version but I still like it!

some of the scratch and sniff did not work so grandchild very uunhappy

A fun way to help toddlers grow in appreciation of their sense of smell.

The book is very cute but the stickers only smell like book ink sadly.

This book was not very smelly but other people had said that to so I was just hoping mine would be good but no luck. It is a very cute book. I think it was just to old .

Liked the story, but the smells were not very good. I have my own stickers that I may use when the smell is completely gone, which may be within the year :(

My grandson loved this book. We had great fun reading it/
