today. _____ What reviewers are saying: A "Aaron Galvin has managed to breathe new life into this time era, and Salem's Vengeance is A a dark but eye opening look into a frightful time in history." A A "What I appreciated about this book was not just the A tight and action-packed story A (no doubt aided by the author's time in the movie biz) but also the prose." A "This story was A beyond clever. I immediately finished it and passed it along to the next eager reader. A I cannot wait for the sequel..." A A A A A A A A A "Well researched, fast paced, and intriguing, Salem's Vengeance is the story of both what really happened during the Salem Witch Trials and the aftermath of all that lunacy...it was nice to see that this was merely the first in a trilogy. I can't wait to see what happens to the characters next!" A "I hadn't really found a retelling or a novel that had the premise of the witch trials that I really loved until I read this book." A "Aside from a great story line, Salem's Vengeance is A well edited with great imagery. Galvin does a great job writing for the time period-the early 1700's. You never doubt the validity of the descriptions, dialogue, and historical references." A "...a fascinating, compelling all night (intense) dramatic read. A I strongly recommend Salem's Vengeance to those who love a great witch story. You won't be disappointed." A "I actually felt as if I were there. A Galvin did his research, that's for sure." A "The author has found A a fresh take on this crazed moment in history, weaving science and fantasy into an exciting brew." A "I finished this book in 24 hours. A I could not put it down. It gave me pause to think about the survivors of Salem and what sort of legacy may have been left." A "I love (Galvin's) A imaginative new take A on a possible explanation on the witches of Salem. Can't wait to read the other two books in the trilogy."

Customer Reviews

I'm so glad I read this fictional accounting of the aftermath and consequences of those involved in the Salem witch trials..Sarah learns about secrets kept from her that come back to haunt her family in ways she could never imagine. She is a strong young woman in an age where being outspoken could get you accused of being a witch, yet she holds her chin high, and saves those she loves by doing so. Can't wait to start book 2, and see what comes next!

It took me a moment to get used to the old English but once I did, I was hooked and ended up reading the entire book in one sitting. Anybody that follows my reviews knows five star ratings from me is few and far between but this book is a shining five star!

I was just not into this book. With it being about the Salem witch trails, I wanted to be into this book but it just left me feeling flat. I tried to be more excited about this book and I gave it all I had but this

book did not keep my attention.

Wow! This was an amazing adventure! The fight details gruesome and exciting, I lost track of all time while reading! Must be witchcraft.....

Kept me guessing from the start. I sat and couldn't stop reading till I got to the end. I am looking forward to more in the series.

Everyone needs to read the Salem's series. You will not be able to put the books down until you have read all three of them. No lie, fantastic and brilliantJoe

With minimal knowledge but great interest in the Salem witch debacle, I gained a little perspective to this embarrassing part of American history through this fictional story. It had a few interesting twists that held my interest throughout.

What a great story. Definitely a topic worth pursuing. I enjoyed what Aaron did with this fantastic storyline. I was drawn in from the start. I can't wait to read the next in this series.
