Customer Reviews

As others have said, this is 61 songs. Which I knew when I purchased it. The collection is respectable, so I'm fine with that. The biggest disappointment is that the TAB is incomplete. Few songs have a complete TAB, most only the first few lines. TAB is why I bought this and why I'm disappointed.

I don't care who you are, this book is going to have multiple songs you know and love. Endless hours of fun for me.

Excellent...

Lots of good tunes which now requires me to work even harder.

Lots of great songs.

Growing up in the fifties and sixties, this book has brought back many good songs to my remembrance. I must learn to play them on My Guitar and It will show me the easy how to do it.

While the main title says "500 Songs," you actually get only get 61. The actual scoring is right-on and the tabulature is accurate, but the advertising is deceptive.

Perfect book...great songs
