Elementary Anatomy: Nervous, Respiratory, & Circulatory Systems Teacher Guide (God's Wondrous Machine)

Synopsis

Teacher Guide for the 36-week, elementary anatomy course! The vital resource for grading all assignments from the Elementary Anatomy: Nervous, Respiratory, & Circulatory Systems course, which includes: A timeline of important discoveries and innovators as well as key anatomical terms and concepts Amazing facts like the human heart beats 100,000 times a day, and one drop of blood has 5 million red blood cells in it Choose from almost 100 worksheets and nearly 100 activities that best fit a student's interest **OVERVIEW:** This vibrant series delights in sharing the truth to children of how they are wonderfully made! Beyond the basics of how and why the body works as it does, it is important to share how the amazing and deliberate design of their bodies enables it to function as it should just as God meant for it to. The course is an exploration of how our bodies' nervous, respiratory, and circulatory systems work, that will help students realize they are not products of accidental processes, but instead are beautifully and intricately designed. May your minds be open to discovering God's handiwork and recognizing the majesty that is reflected in the human body. it will truly take your breath away. **FEATURES:** The calendar provides daily lessons with clear objectives and guided readings. 4th-6th Grade

Customer Reviews

Dr. Lainna Callentine, Med, MD, is a physician, instructor, writer, speaker, and creator at Sciexperience, as well as volunteering her services at a clinic that serves the uninsured in the Chicago suburbs. She affirms the clinic's motto from Galatians 5:13, "serving one another in love" and left formal medicine in the ER to homeschool her three children and

pursue her passion in teaching. Dr. Callentine wears many hats. She is a coach, teacher, pediatrician, and homeschool mother. She obtained her bachelor's degree in human development and social policy from Northwestern University in the school of education while competing as a full-scholarship athlete. She began her professional career as an elementary school teacher. She obtained her master's degree in education from Widener University. Then she went on to pursue her lifelong dream of becoming a doctor. Dr. Callentine obtained her medical degree from University of Illinois College of Medicine. She worked in one of the busiest emergency rooms in Illinois before answering the call to homeschool her three children.
