Barrier-Free Travel: A Nuts And Bolts Guide For Wheelers And Slow-Walkers

Synopsis

Learn your disability laws and rights, locate the right travel agent, protect your wheelchair when you travel, and be ready for the changes in security that affect the way you maneuver through airports. All this and much more is available in *Barrier-Free Travel*, the definitive guide to accessible travel for those who use a wheelchair, walker, cane, or who have other mobility limitations. And, back by popular demand, is a greatly expanded section on cruises, new material on children's travel issues, and global resources. Authored by the editor of *Emerging Horizons*, the leading travel magazine for people with disabilities, *Barrier-Free Travel* contains essential logistical information - not just common-sense tips. Because of the uncertainty involved in travel, people who need access accommodations need thoughtful, reliable information, and this one-of-a-kind book delivers it in a clear and engaging way.

Customer Reviews

The Bible for barrier-free travel. Christopher Elliott -- Ticked.com, July 2002The brass tacks of accessibility written in Candy Harrington's straight-from-the shoulder style. Lucy Gwin -- Mouth Magazine, April 2002The depth of research and painstakingly careful documentation in this book are particularly useful. Jane Gershaw -- Inside MS, Summer 2002This book enables readers to feel ready to pack their bags and make their plans for a hassle-free vacation. -- California Coast & Ocean, Winter 2001-02 --This text refers to an out of print or unavailable edition of this title.

Candy B. Harrington - Known as the guru of accessible travel, Candy Harrington has covered accessible exclusively for the past 15 years. She the founding editor of *Emerging Horizons* and the

author of There is Room at the Inn: Inns and B&Bs for Wheelers and Slow Walkers and 101 Accessible Vacations: Travel Ideas for Wheelers and Slow Walkers. Candy is also a contributing author to Kids On Wheels, a resource guide for wheelchair-using kids and their parents. Her work can be found in disability-related magazines including New Mobility, PN, Ability, Momentum, SCI Life, Kids on Wheels, Active Living, Abilities and Arthritis Today, as well as mainstream publications from the Dallas Morning News to Transitions Abroad and niche titles such as Wheelin Sportsman and Stroke Smart. She is the resident expert on accessible travel for TravelAge West and provides regular content for websites such as Disaboom. BootsNAll and Rezoom. Harrington also pens consumer-focused accessible travel columns for Special Living, Travel World International, Frommers. com and Trips and Getaways.

has dropped to new levels of depravity. It lies about the edition of a book with exceptional time sensitive and vital information for people in wheelchairs!! i almost paid the full price (\$9.99) for a Kindle book that is 4 years out of date in a field that is making progress and major changes monthly. lies about it being the 3rd edition when it is listed lower on the page the cw date is 2008. the third edition (cw2012) is not available on kindle, so they tried to slip this through. even in the intro the author comments that it is the 2nd edition.i plan on moving my reading to Barnes and Noble so i can be sure they don't lie to me.'s concept to become the website to buy everything one needs was greeted by some serious doubts that their original focus on books would suffer. i expected it to. however, i NEVER expected to be lied to in such a fashion. shame on you . this is simply disgraceful.

slightly outdated information

Already knew a lot of what's in here.

great information, helpful hints especially for the newer traveler. I found many parts were helpful and many levels of travel, injury levels could use some of the advice and help in this book.

This is a comprehensive resource for travelers with compromised abilities. I found it informative and extremely helpful in planning extended travel away from home. I can recommend this book without (or with) reservations. Travel on!

Interesting book with helpful ideas. Should help eliminate or at least handle potential problems when I travel. This is information that I have not found else where.

for those in wheelchairs

this book delivers what its title advertises. don't leave home without using this book to plan any of your trips.
