Andrew Knapp is a freelance interface designer and photographer from northern Ontario who desires to make everyday routines into creative adventures. Along with his commercial photography and design work, he's filmed a TEDx Talk, collaborated on an Instagrammissions project with MTV and Sony, and cofounded the We Live Up Here collaboration exploring life in Sudbury, Ontario. Momo is an adorable black-and-white, brown-eyed border collie, Andrew's BFF, and a genius at hiding. Together they're an Instagram phenomenon, bringing smiles to over 100,000 followers who never miss their chance to try to find Momo.

My favourite Momo story is about him going swimming for the first time! Took me a couple hours to go through the book, I read every story, saw every picture in detail, admired the compositions, loved Momo's hiding skills, and didn't have to use the answer key even once. It is a delightful book with amazing photographs; finding Momo goes from easy to hard very quickly; the back stories are lovely; the behind-the-scenes stories are sweet; and Momo is simply an adorable dog that you just want to give belly rubs to! As a dog-lover, photography enthusiast, and Instagrammer, this book is an absolute treat. If you don't own a copy, go get one NOW! Thank you, Andrew & Momo, for a wonderful journey through your adventures! It's a delight!!!

Heard about this project on the internet, saw images of Momo on Instagram and thought it only made sense to support this work. Great for dog lovers and especially interesting for little kids (think Where's Waldo, where Waldo is replaced with a border collie).

I bought this book for my three-year-old niece who has a border collie, but it's rather difficult for young child. She likes it, and she works to find the dog, but honestly my brother and I spent more

time looking at the book than she did. While it is reminiscent of Where's Waldo, I think that the book is quite suitable for adults, and entertaining.

Purchased as a gift for a young girl who fell in love with my Border Collie. I thought she would have an enjoyable time trying to find the hidden Border Collie within the book's photographs.....but will not know until after Christmas 2014 whether or not that is true. I did go through the book myself.....in some of the photos you really do have to work to find MOMO.....but it is something you do.....then it will only be picked up from time to time to share the search for MOMO with friends, acquaintances, and guests who are into dogs. I liked it.....but I own a Border Collie so my judgment is skewed.

Very cute book, perfect for any coffee table

This book sits on my coffee table and everyone who visits picks it up and enjoys their journey through the pages Finding Momo....Fun for all ages and I highly recommend.

The perfect coffee table book. This book is endlessly entertaining for children and adults alike. Sometimes finding Momo is difficult and sometimes it's easy, but Momo is always adorable. If you don't already follow @AndrewKnapp on instagram I highly recommend doing so. Andrew travels the continent with his dog who is very well trained at concealing himself. The photos taken are very well thought out and Momo's signature head tilts are always a treat. I have been a big fan for some time and this wonderful book did not disappoint.

I picked this book up for a friend as a lark but once it arrived and I flipped through it, I really started to be drawn into the lovely photography. Momo is an adorable dog and between the seemingly ingenious at times hiding in plain sight, the lovely locations and that basic adorableness, this book is a nice one to have around. Sitting with a couple of friends, we even sat and pored over a few pages and had many laughs in our search for Momo. Undeniably a new generations version of the iconic "Where's Waldo", I was glad to have come across this labour of love from Momo's owner.
