If you are familiar with these authors you will see that you get what you are hoping for - lots of quick and cute patterns designed with jelly Rolls in mind. I'm planning on getting started early on Christmas presents but making a few of these this summer! Thanks for another great book!

I love any of the books by Pam & Nicky Lintott. This one is no exception as the keep us current with the possibilities of precuts!

Love it

I purchased it as a gift. Had I seen the patterns in it first I would not have purchased it. Truthfully, I'm more of a traditional quilter.
