Customer Reviews

I seriously enjoy this series!! And for those that don't know, "The Lost Files" are short "side-stories", that are happening along the same time as the series of The Lorien books. The stories are from other people's perspectives, than those of the Garde in the series. Eventually, all these short stories tie-into the main story books, so it's pretty cool that the author has written these stories so that, me the reader, has a back story and feels like they already know some of these characters more when they show up in the story! Overall, Very excited for The Fate of Ten!!! Can't wait!!

I love these "in-between books" books. They are not central to the plot of the main books but they fill in a ton of questions. I wish more authors followed suit with novellas.

I am addicted to the Pitticus Lore series. My only problem with it is that the titles are so confusing. I have actually purchased the same books twice, not being able to figure out the reading order of the books. I have seen the movie made about Number Four's dangerous quest to seek his fellow Lorians and it also held up to my expectations.

I enjoy these novellas which add to the IANF universe. The different perspectives are developed well and each new addition just has me wanting more.

Great companion for the series. It gives more insight into the other storylines running parallel to the main I Am Number Four plot line.

Great backstory for Mark James and also the infamous GUARD from TWAU. I recommend all of the Lost Files for those who haven't read them.

Best of the Pitticus Lore series.

I love that I can order new books and always know that I am going to get them before they are sold out !
