Collector's Guide To Pez

Synopsis

Featuring Pez dispensers from 1952 to 2003, this second edition has been updated to include further PEZ releases, 50th anniversary dispensers, vintage paper advertising, European dispensers and improved PEZ convention coverage. This reference contains 600 images to assist in dispenser identification and includes rare European releases. Variations are discussed for each dispenser and updated pricing (in US dollars) accompanies each listing. In addition to coverage of dispensers, advertisements, candy packs and story displays, this edition includes PEZ history, pricing information, updated convention information, collector tips for finding dispensers and an introduction to Pezzing for beginners.

Customer Reviews

Shawn Peterson began purchasing PEZ[®] dispensers for 50¢ each, at weekend flea markets in 1990. Today, his collection contains hundreds of rare and common dispensers, candy packs and advertisements and has been featured in Toy Shop magazine.

Great book for the intermediate collector

I have been an "official" PEZ collector since 1987...I say official because I used to have all the dispensers from when I was a kid in the early 70s and I merely played with and pulled them apart to

see the springs and insides. I do have recollection of my engineer squashed in the driveway when my dad ran over it with the stationwagon. I also remember coming out of the grocery store sitting in the cart and whining to Mom to get a PEZ out of the old time machines that you pulled a knob out and they came out in a box (similar to cigarette machines). If I only had the ones from when I was a kid! Enough about me, this book is great since it has many pictures, which is most important with PEZ, and it also has a great deal of information on yesterday's PEZ. BUY IT! Just looking at the pictures makes you recall the past that you completely forgot! If I had a time machine I would not bet on the horses or baseball...I would go back to the 70s and buy all my PEZ dispensers again. I have all the PEZ books, and I think this is the best one.

As a pez collector, I needed to have at least one guide. This fits perfectly. There aren't many guides out there and this book doesn't have all of the pez products ever made but gives you a really good start.

Great Product. I would definitely recommend :)

Great book. Literally an A to Z guide on all things PEZ :)

A great way to keep up with your pez collection

I love this book. It has helped me see what my collection of over 300 are identified and pricing for the ones I have sold.

same again great book for collectors
