Vikings (Interfact)

Synopsis

A unique series of information books packaged with bonus CD-ROMs. Interfact combines the lively design of an excellent information book with the challenge of an activity-packed CD-ROM. These fact-filled books contain amazing facts, photographs, and illustrations, a glossary and an index. Book and disk are cross-referenced to foster both reading and computer skills. This series encourages critical thinking and is well suited for classroom use. -TODAY'S SCHOOL MEDIA SPECIALIST

Customer Reviews

"This series encourages critical thinking and is well suited for classroom use." -- Today's School Media Specialist

This is a great interactive Cd Rom! The book has lots of general info about the Vikings, but the Cd has this great game called Hnefatafl (good luck pronouncing that :-)) that has become quite addictive with all of us. At first I just let the kids play, but the strategy of the game is engrossing, so we all got in on the act! This definitely will liven up any study on Vikings!

This whole series of interfact books is excellent. The books and CDs are wonderful teaching and learning tools for both home and the classroom. The user can interact with both the CD and the book and it allows scope for self correction, and the opportunity to glean many amazing facts from the many games, stories, quizzes, puzzles..... A great find!
