Customer Reviews

"More than just a valuable addition to Holocaust literature . . . it should garner a wide audience, which is exactly what its spirited portrait of hope and dauntless courage deserves." Booklist, ALA

Alex is left alone to hide in an abandoned building after his parents and most of his friends and other relatives are carted off by the Nazis. It's a suspenseful story, a story where you don't know who is good and who is bad, where you worry that friends may deceive you, where you never know when the Nazis will find you and cart you off, too.

Another good holocaust survivor story...especially for the middle school and high school-aged readers. An easy, quick read.

Fantastic story! Well written. Gives kids a chance to see that they can do great things against all odds. Unique perspective on a horrible time

My student beg to read it each day!

Great!

Still one of my favorite books! Its a quick and easy read, but the details and story are still wonderful.

I have used this with my middle school ELA classes when they have been studying WWII in history class. I have yet to hear a negative remark from a student about the story. I

Fiction based on fact, very moving and inspirational. Good service
