Cynthia Van Edwards Born in Oklahoma, with fierce Comanche blood in her veins, Cynthia Van Edwards spent hours and hours as a young girl riding horses and drawing. She found herself guiding towards arts programs and psychology in college, attending Northwestern University, where she graduated with honors. She began a career that started in counseling for children that were having learning issues in school. She eventually began working with adults who were suffering attention deficit issues and began thinking of ways to inspire people through artwork.

Cynthia Van Edwards continues to use her amazing talent as an artist and therapist together in creating this beautiful adult coloring book Titled: #LOVE. It is birthed from a place of spirituality not in anyway religious. I find it perfect to use when doing meditations. Love is an amazing word! It is not just a word but it's an ACTION word. I find we are living in the age decade of anger. So much fear, killings, blame, isolation, hate, just meanness. People so often now have lost the value of human life, including their own. Personally, I am a Christian. Love, when put into action takes away fear. LOVE covers a multitude of, shall we say wrong doings. Love will do what ever can be done to protect but will not force. I'm taught that "We love because HE first loved us." no matter what your beliefs, this book will only have a positive affect on you

I just received my copy of #LOVE this afternoon and I am in #LOVE with it. The three different 'phases' of the pages- White, Midnight, and Wire Frame make for fun colorings. You can see how the backgrounds can really change how colors pop. In the white pages, I am really drawn to the shadow effects. It makes for true 3-D looks. It is going to be so much fun to experiment with colors and techniques. This is my third book created by Cynthia and it certainly will not be my last.

I was extremely fortunate to receive an advance copy of this wonderful coloring book for product testing and development. #CynthiaVanEdwards continues to reach new heights! There are 2-page images in this new volume, and many pages are done in different formats. Black, wired, white,

basic, shadowed & 3d styles are included. Some may seem easy, but aren't. It's a beautiful, challenging book that I'm sure you will enjoy. Colored images to follow.

Totally love pictures, the words love in various formats. Many of them appear 3D by the use of shading. A unique but really cool coloring book that when colored, these pictures jump out at you. Super glad I got this book!

I love this book! The pictures are all unique and fun to color, there are a wide variety of difficulties to choose from, and it's just so fun and uplifting! I really enjoy Cynthia's books

In LOVE with #Love # Coloring Book: # love is....Amazing pictures the really make the person coloring feel loved. Each page has you coming back for more....

I was a huge Cynthia Van EEdward's fan-right up until this '#' series. This book is very blamed and uninspired, many of the pictures are 2-pages that make one picture-I can see it being great for a kid I suppose-but not myself, especially after all of the previous work. It just goes show-never assume! Sadly, I would not recommend this-unless, again, it were perhaps for a teenage or child.

Once more Cynthia has created a book that will speak to each and every one of us! This book has double pages , white pages, wireframe and black pages. Your choices to color them are endless, from markers, pencils, gel pens ..whatever medium you are comfortable with. There is a lot of intricate work but please do not let this dissuade you from trying them out.Love to me is when you can be comfortable with that special person , to be yourself no matter what. It is loving each others idiosyncrasies, your differences and appreciating what each of you bring to the table. That person that completes you in such a way that no one else can. I have such a person in my life. My husband and I both were married before, were set up on a blind date by mutual friends for his birthday (what a present to get from someone lol). We knew instantly that we were meant to be together. Two months after that fateful date we were married , we blended our families , have went thru tragedies and trials , had another child together and now have been married going on our 20th anniversary very soon. He is the love of my life and I can not imagine life without him.I have received this book for free in return for an honest ,unbiased review . Will add a few more pictures as I complete them
