This is a great conclusion to the series. It answers so many questions. Must read for fans of the Maze Runner!

I've loved the Maze Runner series since the beginning, and there were many questions I had from what happened when Thomas was actually working for/with WICKED. This book is all about that unaccounted for gap, and I absolutely loved getting to know the back story, which included many surprising twists and betrayals. Absolutely worth the read.

I LOVED this book! It is the prequel to the Maze Runner series, written in the same attention-grabbing manner as the series. You get to find out why the characters in the series are who and what they are; why the maze was built, and fitting in perfectly with the series. This has sparked a desire in me to read the Maze Runner series again! GREAT book!

As someone who was consumed by the maze runner series I was ecstatic for the Kill Order. Imagine my excitement to find yet another installment!!! These are the best and well written books. The foresight, the hindsight, and to mix it in the present is truly a gift Mr. Dashner has. This book

answers so many questions us fanatics had and I am SO happy he wrote it!!!! LOVE ALL BOOKS
MAZE RUNNER!!!!

AWESOME BOOK

While definitely a good read (especially the second time). I'm just a little disappointed in how whiny Thomas is in this book. Even after 10 years working for WICKED. Nevertheless, this book provides the prequel to how the next set of books were created. Interesting that Dashner wrote the series in this way.

James Dashner is SUCH a wonderful author. There have been many times a prequel has fallen short of my expectations- they tend to be less interesting and more "telling than showing" in nature. However, this was amazing. Dashner could have easily made this the first book in the series (rather than a prequel) and maintained his following for the rest of the series. It was exciting, answered quite a few questions, and you just learn so much about the process of the Maze being created and where exactly Thomas and Teresa's heads were at throughout the whole process. There's just soooo much you learn about all these characters and seeing the beginning of the maze from another perspective is amazing. Overall, I totally enjoyed it and would highly recommend!

This book is definitely one of the best I have read. It was a great way to end the maze runner series. It answers so many questions throughout and keeps you reading the entire time. The suspense it brings is incredible. You will constantly be trying to get to the next chapter to find out what is truly going on in the world of WICKED.
