Customer Reviews

Firefly Books offers an outstanding selection of 14" x 12" wall calendars. The nature, landscape and wildlife wall calendars feature the work of some of the best photographers in the world. Each image is a superb high resolution reproduction and most are printed without borders making each page an eye-catching poster.

Lovely selection of butterflies across the world. Various colors and subspecies and includes my favorite - the glasswing. One note - one month has a moth rather than a butterfly so if you are very, very picky select some other calendar. Large sections to write in. Glossy surface but we can use a pen to write, not sure about a pencil.

The photos are great - slightly different than the usual butterfly calendar. The quality of the paper and coloring is great. The size of the calendars are just right with enough space for writing, if needed. I give these as gifts.
