Customer Reviews

The recipes are great, and I have used a few of them already. The only reason I'm not giving 5 stars is that a cookbook should have pictures, even in ebook format. While I am familiar with many Asian dishes, there are some recipes in these books that I am not familiar with. It would be nice to know what they are supposed to look like when they're done. But all in all, this cookbook set is well-written & the recipes are easy to follow.

So many recipes to try! I am inspired by the ingredients that I love to use in food that I cook now and the new ingredients that will add an enhanced savory taste.

Good compilation!

Nice set easy to use recipes!!!

great recipes

Don't see pictures. As I'm not Korean, i mostly know what the dish look like in restaurant. Difficult to match what i want to make and the recipe listed without picture.

I never received it on my kindle
