Customer Reviews

kate spade new york started with four people in 1993. it's grown a bit since then, but the charming dream-big, anything-is-possible mentality has stayed the same. in the last 20 years, the once-handbag company has become a global lifestyle brand with shops around the world and categories including handbags, clothing, jewelry, shoes, stationery, accessories, fragrance and home.

Well thought through, charming, positive, and fun. Wrapped this up in paper, ribbons and bows for a teen who loves fashion and style. They adored it and so did I as I perused the pages before wrapping. Totally simple, delightful and a good piece for any fashionista home. Lots of empowering words, unique photos and that special Kate Spade twist we know and adore. A thousand times yes. Note: the copy I received came unscathed, protected by bubble wrap for the shipping process - perfect condition - hooray!

Glossy pages of fashion, jewelry, NY landmarks, pretty people, patterns -- perfect to display in a woman's home. The edges are gilded. The ONLY small thing is the book arrived slightly dented -- one of the corners. Not the fault of the author -- but should bubble wrap all books when preparing for shipment. It took (I was tracking my order) 4 days to prepare the order you would think they would have time to bubble wrap the book. Nevertheless, it's a gorgeous book and good price.

I love this book! It's huge, colorful, and a great addition to my coffee table. I love Kate Spade, but I also love that this book is not just Kate Spade showing off their stuff. It truly is a visual collection of "things we love," not an advertisement for Kate Spade, but you can definitely see their inspiration from this book. Every time I flip through it, I see something new!

If you love buying or just looking at beautiful items, you will love this book. Great on a coffee table or any room you want to add color. The book is very pretty without the book cover.

Got it for my cousin's birthday, she liked it so I liked it.

This is a great book. It's beautiful and fun to look at. I'm going to look into purchasing it in the future as a gift for friends. It also makes a lovely coffee table book=) The gold pages are a pretty touch as well. 4 stars because there was a tiny nick on the book cover.

Not really worth the money. It's ok but I was expecting a little more from it. It's like it tried to be artsy but I forgot about the parts that we love.

Wife loves it. good quality product!
