Fausta Borja's Beauty And The Beast: A Steamy Gothic Romance Retelling

Synopsis

Folks wonder what sort of woman I am, that I would sell myself to The Beast. Cursed with a hideous form, the mysterious La B  te never leaves his enchanted castle. No matter: his riches are as endless as the steady stream of women willing to serve him. Those women say his appetites are as monstrous as his visage. I may be young and innocent, but I am also practical. Five chests of gold for one year of servitude seems fair. Especially when my family is desperate for money. When La B  te needs a new woman and offers for one of my father's daughters, my family accepts his terms. I am the willing sacrifice. But La B  te is unlike any man I've ever known. And I am about to learn what it means to love a beast. Fausta Borja's Beauty and the Beast is a steamy gothic romance novel based on the classic fairy tale.

Customer Reviews

This is an erotic, dark version of the fairy tale. Beast takes a new woman every year. He offers gold for the woman. Beauty is tricked by her selfish, cruel family to be the concubine of the Beast. The Beast must have sex often or become crazed. He takes Beauty hard and with dominance. Beauty is

an intelligent, feisty young woman who doesn't come across as weak or delicate. She knows what she has to do for her family. But she is surprised by what she finds in the Beast. I loved this telling of the classic and how well written it is. I also loved that Beauty wasn't portrayed as some idiot who cried all the time and complained. This is a book I will read again and again.

A great fairytale told with a lot of sex and mystery. This is a great story beauty is smart and resourceful her family is greedy and selfish..The beast is a great mystery but a wild sexual being the beast must be satisfied and beauty begins to like the attention... if you want a raunchy fairytale this is for you..

Way more erotica than your normal Beauty and the Beast telling (even the adult versions). It seemed a bit forced, like the original story but a lot more evil. My favorite part of this classic fairy tale is watching beauty and the beast fall in love, but in this one I didn't feel like it was developed well and really showed Beauty as skank.

Very well written! I wasn't sure what to expect but this was exactly what I was looking for. If you love the story of beauty and the beast and you want more romance and adult themes, this book is for you. I love adaptations and retelling of the story and this one was exceptional. Wish there could be a series only on beauty and the beast!

Couldn't get past the first couple pages. Too much covered in back story and I can't stand the way it's written. Present text with one sentence paragraphs.

I loved this except for the last line of the novel. To me the sex scenes were fine with me along with the different way this author told this story.

Definitely not your typical Beauty and the Beast story but it was a quick, easy and enjoyable read.

This. Was. Awesome. I loved it!! I can't wait for the next book to come out to see what happens.
